6	2026071911504	chg_er_asn	Miscellaneous	Miscellaneous	RBH	ER	ASN	In the mentioned circumsit the Hool Express could have continued behind the Jammu Tawi.	Subject Request for explanation regarding detention of Down Jammu Tawi-Kolkata Express at Rajbandh Sir/Madam I request an explanation regarding the operational detention of the Down Jammu Tawi-Kolkata Express at Rajbandh on Saturday. The train reached Durgapur ahead of the Down Hool Express. After departing Durgapur the Jammu Tawi-Kolkata Express was detained at Rajbandh to allow the Down Hool Express to overtake. As per the public timetable after Durgapur the Jammu Tawi-Kolkata Express has only one scheduled halt at Panagarh before proceeding further and is permitted to run at up to 130 km/h on this section where the infrastructure allows. In contrast the Down Hool Express has scheduled halts at both Panagarh and Mankar and because of icf rake it can run maximum of 110 kmph speed. In these circumstances it appears that the Hool Express could have continued behind the Jammu Tawi-Kolkata Express without affecting its operation. Therefore I request the Operating Department to clarify the operational reason for detaining the Jammu Tawi-Kolkata Express at Rajbandh and granting precedence to the Hool Express. Kindly inform me whether this regulation was made in accordance with the relevant provisions of the Indian Railways Operating Manual and specify the operational circumstances that required this decision. I shall be grateful for a detailed explanation. Thank you.	SORRY FOR YOUR INCONVENIENCE. THE SAID TRAIN LATE RUNNING DUE TO PATH CONSTRAINTS AND PRECEDENCE TO IMPORTANT M/EXP TRAINS

									passengers for an unreasonably long period. The redevelopment timeline has been extended multiple times reportedly around 6-7 times causing continuous disruption without visible completion. Even the sections that have been completed are not being maintained properly. The washrooms are often unhygienic and poorly maintained and the drinking water purifiers are either non-functional or inadequately maintained causing inconvenience to thousands of passengers who use the station every day. As one of the busiest railway stations in the region Chandigarh Railway Station should reflect proper standards of cleanliness, maintenance and passenger amenities. Passengers should not have to endure prolonged construction along with poor upkeep of the available facilities. I request the concerned authorities to expedite the completion of the redevelopment work without any further unnecessary delays. Ensure regular cleaning and maintenance of all washrooms. Repair and maintain all drinking water purifiers to provide safe drinking water. Improve housekeeping and conduct regular inspections to maintain passenger amenities. Provide periodic updates on the progress of the redevelopment project for public transparency. I request that this matter be treated as urgent so that passengers can finally experience the quality of infrastructure and services expected at a major railway station.

Subject Complaint Regarding Sale of Fungus-Contaminated Roasted Groundnuts Without Expiry Date Dear Sir/Madam I wish to lodge a complaint regarding a serious food safety issue at the food stall located at Erode Junction Railway Station in front of the C1 coach boarding point for the Chennai-Coimbatore Shatabdi Express. I purchased a packet of roasted groundnuts from this shop. Upon checking just before opening the packet I found that the groundnuts contained fungus making them unsafe for consumption. In addition the packet did not display any expiry date or other mandatory labeling information which is a serious violation of food safety and consumer protection standards. This poses a significant health risk to passengers. I request that the Railway authorities immediately inspect the stall remove all unsafe food items from sale and take appropriate action against the vendor to prevent similar incidents in the future. I am prepared to provide photographs of the product and the purchase details if required. Thank you for your prompt attention to this matter. Yours faithfully Ranga	Sir, we have noted your complaint and have communicated it to concerned supervisor for investigation and appropriate action, while ensuring measures will be implemented to prevent future occurrences. 105	2026071900401	cml_wr_brc	Security	Others	SOG	WR	BRC	I would like to express my deep dissatisfaction with the resolution provided.	Dear Railway Team I appreciate that a full berth was eventually allotted to me however I would like to clearly state that I am not satisfied with the resolution as my concern was not limited to berth allotment but also involved my safety and the manner in which my complaint was handled. I was travelling as a female passenger on an RAC berth shared with a male co-passenger. During the journey three different individuals repeatedly approached my berth and attempted to open the curtain which made me feel uncomfortable unsafe and extremely distressed. Due to this unpleasant experience and the way the situation was handled my entire journey has been severely impacted. I have been unable to relax rest or sleep peacefully because of the stress and discomfort caused by this incident. As I felt unsafe I requested that my friend be allowed to remain seated near me for support. However my request was denied and no alternative arrangement or assistance was provided at that time to address my safety concern. Despite informing the TTE multiple times and raising repeated complaints no concerned staff member came to speak with me personally or understand my concern. My complaint was not addressed with the seriousness and sensitivity expected in such a situation. Although a full berth was later allotted I would like to highlight that the matter is still not fully resolved as my concerns regarding passenger safety staff response and handling of the complaint remain unaddressed. I request a proper review of this incident and an inquiry into the handling of my complaint. Kindly provide a	Madam, As per your complaint, you were travelling in Train No. 12961 with an RAC ticket, and your RAC berth was initially being shared with a male passenger. Upon receiving your complaint, the matter was immediately informed to the onboard TTE, who attended to your concern and resolved it as per seat availability. You also requested that your friend, who was travelling on a general ticket, be allowed to travel with you on your confirmed/RAC berth due to safety concerns. You were informed that a passenger holding a general ticket is not permitted to travel in the reserved coach or occupy a reserved berth without paying the applicable difference in fare and penalty, as per Railway rules. The onboard TTE visited you and attended to your complaint, and you also confirmed that the TTE had assisted you. We regret the inconvenience caused and thank you for using RailMadad.
